

Dear Colleagues,

You are attending this week the *First International Conference on Frankincense and Medicinal Plants*. On this occasion, you are likely presenting either an oral communication or a scientific poster to the participants of this conference. I would like to offer the opportunity to widen your audience and publish the outcomes of your research in the *Journal of Agricultural and Marine Sciences*, one of the 6 peer-reviewed journals published by Sultan Qaboos University. *JAMS* is an open access journal, currently indexed in EBSCO, DOAJ, Al-Manhal, Jgate and Dar Al-Madhuma, and is currently under consideration for Scopus indexation.

All papers submitted are peer reviewed and are published without charges in "color". Previous issues (From 1996 to 2017) are available online at: <https://journals.squ.edu.om/index.php/jams>

[The guidelines for authors](#) are available on the journal website and include templates for the text and reference style files in various format for the preparation of the manuscripts. We anticipate 3-5 weeks for the review process and 1-2 months for the publication period after acceptance of the manuscript.

Please note that *JAMS* accepts several types of original research papers from full size review to one page image based note. Please look at the journal website for further information and guidance. You can of course also ask specific questions to the editorial board by contacting the Editor in Chief (Dr. Michel Claereboudt) by email at: [AgrSciEd@squ.edu.om](mailto:AgrSciEd@squ.edu.om).
